EXPERIENCE

Product Designer, Yelp

March 2016–present • 2+ years

Product designer on the Contributions team, which is responsible for promoting and enriching user generated content on Yelp. For just under two years, I was the sole product designer on the team.

UX Design Intern, Constant Contact

June–August 2015 • 3 months

Designed and coded the markup for various web pages and web app components, built an interactive prototype for the redesign of the mobile app using proto.io, and evaluated different prototyping software for the product design team.

EDUCATION

B.A. Computer Science

December 2015 • University of California, Berkeley
